- Enhanced cross-browser rendering fidelity, layout fluidity, and user accessibility.

KEY PROJECTS

Tech2Idea AI Chatbot | *Python, Streamlit, Google Gemini API, NLP, Prompt Engineering*

- Conversational AI converting technical proficiencies into structured, actionable project specifications.
- Implemented multi-turn dialogue, real-time Gemini generation, and user-provided API key security.

CareerPilot Platform | *Python, Flask, SQLAlchemy, Tailwind CSS, SQLite, CSRF Protection*

- Full-stack career development portal with user authentication, job matching, and technical assessments.
- Engineered algorithmic ATS resume scorer evaluating keyword density, formatting, and completeness.

Hand Gesture Control System | *Python, OpenCV, MediaPipe, PyAutoGUI*

- Computer vision application enabling touchless OS control via webcam hand tracking & landmark detection.
- Engineered gesture classification with debounce cooldown timers to prevent spurious command triggers.

StudySync Learning Hub | *Flask-SocketIO, WebRTC, HTML5 Canvas, OpenAI API*

- Real-time collaborative study platform featuring interactive canvas whiteboard and AI tutoring assistant.

Voice-Controlled Automation Menu | *Python, SpeechRecognition, PyAutoGUI, Windows Automation*

- Desktop voice assistant automating application launching, file explorer actions, and window management.

ACHIEVEMENTS & CERTIFICATIONS

- **Hackathon Award:** Second Position in college-level hackathon with the Nexora project.
- **Athletic Achievement:** District-level Silver Medal in Karate.
- **Certifications:** Generative AI (LinuxWorld) | AWS Cloud Computing (LinuxWorld) | Python Dev (The Skybrisk) | DevOps (LinuxWorld) | W
